

EACS Bullying and Harassment Guidelines

It is the intent of the East Allen County to provide all students with an equitable opportunity to learn. East Allen County Schools is committed to providing a safe, positive, productive, and nurturing educational environment for all of its students. Bullying is detrimental to student learning and achievement. It interferes with the mission of our schools to educate our students and disrupts the operations of the school. Bullying affects not only students who are targets but also those who participate and witness such behavior.

EACS also believes that promoting ethical and responsible behavior is an essential part of our school's educational purpose. Ethics, responsible behavior and "character" are important if a student is to leave school as a "responsible contributor to the local and global society." Bullying and harassment interferes with the accomplishment of this mission. EACS will take action in response to conduct that interferes with students' opportunity to learn, our educational mission and the operations of our schools.

Bullying Prohibited

Bullying/Harassment is not acceptable conduct in East Allen County Schools and is prohibited. Any student who engages in conduct that constitutes bullying shall be subject to disciplinary consequences up to and including suspension and expulsion. A student's bullying behavior may also be addressed through other behavioral interventions. This prohibition includes physical, verbal, and psychological abuse as provided herein. The Board will not tolerate any gestures, comments, threats, or actions which cause or threaten to cause bodily harm or personal degradation. This policy applies when a student is on school grounds immediately before or during school hours, immediately after school hours, or at any other time when the school is being used by a school group; off school grounds at a school activity, function, or event; traveling to or from school or a school activity, function, or event; or, using property or equipment provided by the school. If the conduct occurs off school grounds and causes or threatens to cause a substantial disruption at school or interferes with the rights of students to be secure, school administration may impose consequences. The Administration may also report the cyber bullying or harassment to the police.
