

Can You Help?

Junior Achievement is currently in need of positive role models to educate young people about the importance of entrepreneurship, workforce readiness, and financial literacy. Volunteers are provided with training, materials, and guidance from Junior Achievement staff prior to and throughout the course of the program. Volunteers deliver 5-7 weekly lessons averaging 30-45 minutes of fun, hands-on lessons to students in Pre-K through 12th grade.

Can't get away on a weekly basis?

*JA also offers a program called the **JA in a Day** in which every student in a school receives JA at the same time. One JA volunteer teaches an entire 5 lesson program to one class in one morning. This makes it easy and convenient to schedule a half day away from the office.*
